Dear Members of the Class of 2005:

I am delighted to congratulate you on your graduation from Massachusetts College of Liberal Arts and offer you best wishes for all that you will do throughout the rest of your lives. Earning a baccalaureate or master's degree is a significant accomplishment of which you should be extremely proud; I know that we are all very proud of you! Regardless of your major, your degree from MCLA will prove valuable as you pursue careers or graduate school.

It is my greatest hope that you will look back on your time at MCLA with fondness. You have worked hard to complete your studies, you have developed enduring relationships with members of the faculty and staff, and you have built friendships that will last you a lifetime. I urge you to continue those bonds in the years ahead; they will serve you well personally and professionally.

As you head off to begin new jobs, continue your education, or explore new opportunities please keep in touch with MCLA. As alumni of the institution you are our best examples of success and serve as important role models for future students. Please stay in touch. We want to hear about your activities and achievements and hope that you will visit often.

MCLA is a better institution because of each and every one of you. I consider it a true privilege and a great pleasure to have served as your president and to have come to know so many of you personally. I wish you every success and look forward to calling you fellow alumni.

Sincerely,
Mary K. Grant, Ph.D.

CLUBS AND ORGANIZATIONS

2004 - 2005

This school year has been a productive one for many of the SGA club and organizations on campus. Once again clubs like Dance Company and Harlequin gave amazing performances. SAC organized campus wide programming for the enjoyment of all and clubs like Stop the Hate and B-GLAD helped to open the minds of many. To those leaders who are graduating at the end of this year each of you have inspired, motivated, and worked for the benefit of this entire campus and you your gifts will live on.

~ Jennifer Bell, Coordinating Vice President SGA 2004-2005.

There are more than 40 clubs on the MCLA campus ranging from Academics to Performance to Athletics. The following are just a handful of them.

Aikido Club

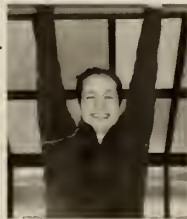

The Aikido Club allows all interested students to participate in organized Aikido. The club provides members with a well taught means of self defense through quality instruction and well established instructors. The club provides members with a structured conditioning program, and emphasizes the practices of coordinating the mind and the body.

Cheerleading Club

The purpose of this club is to promote and uphold school spirit and develop good sportsmanship by example. It aims to support good relations in the community between teams and squads during events. The organizational goal is to work in harmony with the team management and administration, other athletic teams and sporting organizations.

*What was
your favorite
club event on
campus this
year?*

My favorite club event was the Dance Company formal.
Courtney Parker

The Valentine Gala brought back wonderful memories.
Ariel Picard

I really enjoy the Aikido club seminars.
Alex Charalambous

The Rollerskating Party. We got a lot of the community there.
Heather DeLeon

Dance Company

This club teaches and performs a variety of different genres of dance. The Dance Company is open to anyone who is interested in learning and performing dance. The club has at least two performances a year in which dance students in the organization choreograph each dance routine. The club also brings special artists to dance rehearsals to teach; also community involvement such as volunteering is greatly stressed.

Faculty & Staff

Serving the College Community & Student Body

The Staff and Faculty members of the MCLA community can always be seen supporting student programs and attending college events. We like to think that they not only enjoy working here with the student body but they often like being a part of the programs and activities. The support and dedication of each is noted and appreciated.

C-Store Opens

There were many exciting changes within the Campus Center thanks to ARAMARK. The servery was remodeled and the Student Affair staff with Facilities had given the Centennial Room and Marketplace a new look. In addition to this ARAMARK opened a new C-Store. Students love it and use it daily!

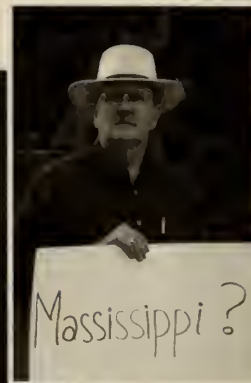

New Employees

MCLA experienced a variety of new employees in many departments including Admissions, Student Affairs, Faculty members and in the President's Office. Brian Bourque, as seen above, was hired to run Orientation Programs and assist with other Student Development activities.

Recognition

President Grant held her annual "Giving Thanks" Reception that honors employees of the college that have hit milestones of employment. This year many faculty and staff members received thanks for all their years of service and dedication.

Re-Structuring

Along with the new employees there were many individuals promoted to new positions to help restructure departments. Doug McNeil, pictured above, was promoted to Associate Dean of Students along with Charlotte Degen that was promoted to Dean of Students. There were many other staff members that were also promoted due to hard work and dedication to help build an even stronger MCLA community.

Contracts Un-Funded

As employees have been experiencing for the past few years, contracts have gone unfunded and raises were not issued. Faculty members were among the groups this year to feel the brunt of governments beliefs that Higher Education is not a priority.

If you could make any club on campus what would it be?

Maureen Cherry

I would make a Tae-bo club. I am taking the class and it's a great way to get in shape and make new friends.

Steven Hemingway

The club I would create is JEJAC (The James Earl Jones Appreciation Club) where we write letters to James Earl Jones and have a weekly look-a-like contest.

Max Sharky

I would create an on-campus paintball club, where you could shoot paintballs anywhere on campus.
